Scheduling: Work That Runs Itself

Important prompts and questions from this section — copy them exactly as shown in the lectures. Replace anything in [brackets] with your own details.

ChatGPT: Your First Task

> check my email after every 30 minutes for any invoice related information

> check my email after every 2 hours for any invoice related information

Claude: Create with Claude — a Task in Four Questions

> I want to set up a scheduled task. Briefly explain how scheduled tasks work in Cowork, then ask me a few questions to figure out what I'd like Claude to do and when it should run.

> TYPE INTO THE CARD
> Check my email for invoices

Claude: Set Up Manually — Approvals, Cloud Runs & Managing

> TYPE INTO NAME
> Monday staff reminder

> TYPE INTO THE TASK BOX
> Write a short, warm message to the kitchen staff for this week with three reminders: the hygiene check, the stock count, and the weekend special. Keep it under six lines.
