# Apps & Connectors: Your Tools Inside the Chat

Important prompts and questions from this section — copy them exactly as shown in the lectures. Replace anything in [brackets] with your own details.

**Key questions from this section**

- What can it read?
- What can it do?
- Can I disconnect?
- Before any email action: did I add "Do not send without my confirmation"?

## ChatGPT: Installing Your First Plugin — Gmail

> List latest 3 unread email dates and subjects

## ChatGPT: Drive, the Permission Dial & Uninstalling

> Find the rate card file in my Google Drive. What is the price of a large box?

> send Hello to [a colleague's email address]

> Create an email to send a welcome note to my new team member in less than 100 words. Do not send without my confirmation.

> keep it blank and proceed

> where is it?

## Claude: Connectors — Gmail, Drive & Calendar

> List latest 3 unread email dates and subjects

> Find the rate card file in my Google Drive. What is the price of a large box?

> What meetings do I have this week?

> Every Monday at 9 am, list any emails from the past week that ask for a price quote, with the sender and subject.

## Claude: Plugins, and Disconnecting

> Using my Gmail, find the latest email asking for a quote and draft a short, friendly reply. Do not send it.

## Gemini: Workspace Inside the Chat — Gmail, Drive, Calendar

> List latest 3 unread email dates and subjects

> Find the rate card file in my Google Drive. What is the price of a large box?

> What meetings do I have this week?

> Add a meeting called Box quote review to my calendar on Thursday at 11 am.

> Draft a reply to the latest email asking for a quote. Do not send it.

## Gemini: Other & Custom Apps, and Disconnecting
